

## **STATEMENT OF PURPOSE**

### **RS22053**

This legislation clarifies that the employments contracts signed by educators for the 2012-2013 school year will continue to be governed by the laws that existed at the time the contracts were entered into. While the state's legal guidance to school districts has been that this is already the case, this legislation provides greater certainty, and in doing so, seeks to prevent unnecessary lawsuits.

## **FISCAL NOTE**

No fiscal impact to the state. Potential cost avoidance in local school district legal costs.
